Madam Morgan,

even though they were not in your original query provided to our workplace requirements, which requires § 14 of Act No. 106/1999Sb., on Free Access to Information, as amended, sending you further raised the query (the "ordinary correspondence ") information regarding police equipment and training for industrial action that you requested in the original query.

Police in ensuring internal order and security, thus ensuring safety and order during the protest action, proceeding strictly in accordance with Act No. 273/2008 Coll., On the Police of the Czech Republic. This law contains, as authorized police actions in question when and resources (equipment) that can be used. Specific description of the equipment and the number of weapons is a matter of strategic - tactical character, and therefore is an internal matter. Due to this fact, we can not provide more information. Police did not have any evaluation that would cover the protests. Police based on the general information that is contained for example in the "Report on the situation of public order and internal security in the Czech Republic", which falls under the Ministry of Interior.

Regards

Mgr. Pavlína Bulínová
