Dear Mr Mäkilä,

I am writing to you with reference to your press release 298/2011 of 3 Nov. 2011 (“Amnesty Internationalin pyytämät lentotiedot julkaistaan ihmisoikeussyistä”) and the two documents associated with it.¹

I applaud your statement that the Ministry of Foreign Affairs and the Ministry of Transport and Communications both agree that “there are good reasons to release the flight information concerned”, both as intended in the Act on the Openness of Government Activities and in the interest of Finavia Corporation itself.

In the light of your comments, I am therefore reverting to you with a request for similar data, in the same format, regarding a different list of planes, none of which was covered by the recent request made by Amnesty International.

On the basis of the arguments recognized in your press release of 3 Nov. 2011, therefore, please **provide information relating to flight routes through Finland, and landings in Finland, for the following planes between the years 2001 to 2011:**
