

Dear Mr. Mendel,

We have received an Access to Information request from you dated Sept. 30, 2011 and received by the ATIP office of the Canadian Air Transport Security Authority (CATSA) on October 7, 2011. The text of the request is as follows:

“For each plane listed below, please provide information and documents relating to that plane’s passage through Canadian airspace, its origin, its destination and any landings at Canadian airports, between the specified dates.”

CATSA does not have the records that would provide the information that you wish to obtain. I have conferred with Transport Canada and they have advised us that NAV Canada should have the relevant information. You may reach NAV Canada by telephone at 613 563-5588. Their Head Office is at 77 Metcalfe Street, Ottawa, Ont. K1P 5L6.

Accordingly, if you agree, I would like to return to you your request and the money order in the amount of \$5.00 which you enclosed payable to the Receiver General of Canada. Kindly get back to me as soon as convenient. If I may be of any other assistance, please contact me at ted.kelly@catsa.gc.ca.

Ted Kelly
